BIOLOGIST for a weekend

Experience two days in the life of a keeper/aquarist first hand!

- Go behind the scenes to work with staff biologists.
- Prepare animal diets and clean enclosures.
- Feed the sharks, rays, birds, reptiles and more!
- Learn about wildlife and marine conservation.
- Explore the technology of field research.
- Work with native plants and composting.
- Discover the inner workings of a wildlife facility.
- Gain 14 hours of job shadowing experience!

These two day camps are held from 8:30 AM to 4 PM on Saturday and Sunday year-round. Biologist for a Weekend programs are designed for students ages 13-18. Registration is accepted by phone or in person at the Nature Center, (daily 10 am -5 pm). Call for date availability. Minimum 2 students/ Maximum 4 students per program. \$144 (non members) \$136 (members)
